

Shallow Floor Box for Compact Spaces

The CAF3 floor box has two separate compartments that support up to 3 gangs of communication, power, and/or audio/video devices. This unique floor box is designed to be compatible in both raised floor and wood floor application. This compact design is ideal for applications such as retail, education, healthcare, and commercial offices when a shallow floor box is required. The hinged door allows the cover to open a full 180 degrees and is available in black, brass, bronze, nickel, grey, and aluminum.

CAF3 Floor Box

FEATURES & BENEFITS

- **Clamp Fastening.** Allow for quick and easy installation.
- **Configurable.** CAF3 Series floor boxes can be field-configured or reconfigured to accommodate power only, communication only, audio/video only or combinations of all three power, communication, audio/video in a single floor box unit.
- **Hinged door with pull handle.** Allows the cover to be easy to open a full 180° which provides easy access to devices inside the floor box.
- **Easy to Install.** For new work and old work applications.
- **Multiples Color Options.** To help blend in with the surrounding environment.
- **Versatile.** Designed to be installed in both a raised and wood floor.
- **Compact Design.** You can now bring your power, communication, and A/V connections in a small package.
- **Pre-Wire Option.** Reduces labor costs for field installation.
- **Trade Sized Knockouts.** (2) 1/2" knockouts, and (2) 3/4" knockouts that can accommodate multiple combinations of power, communication, and audio/video services.
- **3-Gang Compartments/Openings.** To accommodate whatever power, communications, and A/V needs you require.
- **Meets NEC Section 300.22(C).** For use in air handling spaces and raised floor plenums.
- **UL Listed to U.S. and Canadian safety standards.**
