Wiremold
Flat Screen TV Cord and Cable Power Kit
Part No. CMK70

Tidy up your entertainment system with this power kit that features a pre-wired design for easy installation. All the tools you need to conceal cables for a neat appearance are included. No Electrical termination required: Plug and Play. The easiest solution for running flat screen TV power and low voltage cables in-wall. Kit includes 'plug and play' power harness and also allows you to run low voltage cables such as HDMI cables and other component cabling in the wall and out of sight - no electrician or hard-wiring required.

Features & Benefits

Simple installation: Do-it-yourself kit allows for neat and easy installation in under 30 minutes with no electrician or hard wiring involved.

Hide low voltage cables: Perfect for hiding low voltage cables such as HDMI and other component wires.

This product meets the material restrictions of RoHS.

Pre-wired all inclusive kit: All parts and tools needed for installation are included in the kit, including a pre-wired power cable.

Kit Includes: 2 power grommets with a 54'' harness, 6' power cord, hole saw and fish tape.
